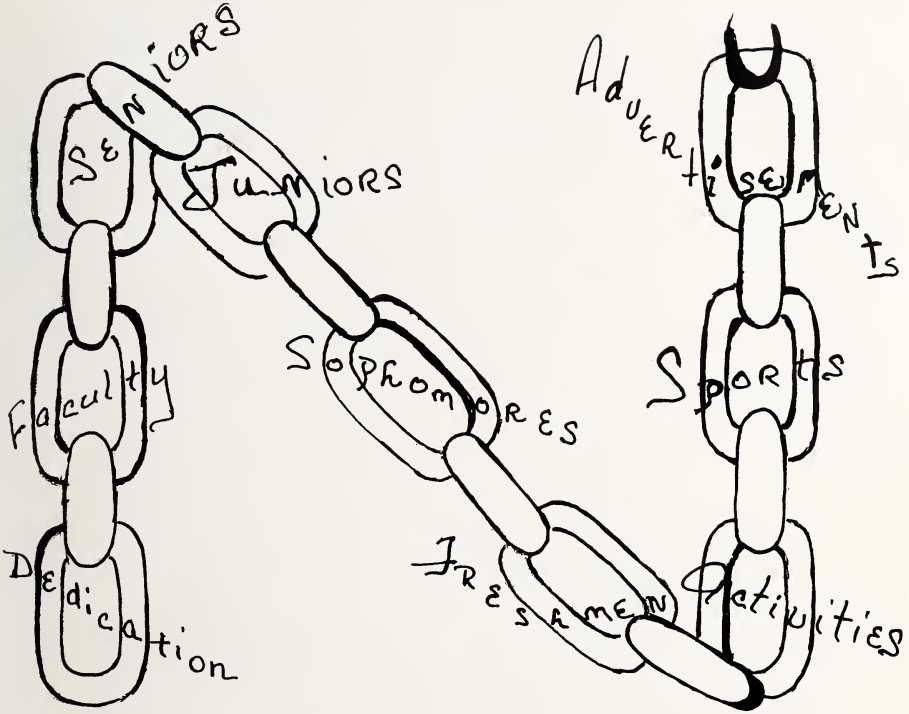
Dedication

To Mr. D. A. Willey, Jr., Director of Agriculture, the 1954 NAHISCOAN is proudly dedicated.

His nine years at N.H.S. have won the respect and admiration of all the students who have had occassion to work with him. His willingness to render any service of which he is capable has made him more than worthy of this dedication.

We only hope that this 1954 NAHISCOAN will extend to him the honor that he so deserves.

Very proudly dedicated----to a very deserving person.



Foreword

We have sought to capture and bind within this book some of the things which have endeared us to our school. May the book serve as a link in the great chain of life--a link that will bind our future thoughts to this, one of the happiest years of our lives. May the memories which they hold carry us back to our Alma Mater and be the answer to our wish, "Backward turn backward. Oh! Time in thy flight."

When there is so much we want to do.

Class Prophecy

Hello there everyone, welcome once again to "Radio City." This is your news reporter Winnie Winchel with your round-up of important happenings.

First on the program tonight I should like to have you go with me to a premiere here on Broadway. The celebrated picture we have heard so much about, *Dancing Toes*, is being shown for the first time. The star of the picture is Tom Davis, better known in the movie world as Fred Kelley. We must hand it to the director and producer, Robert Pridgen and Gene Rackley, for such a successful picture.

Let's stand among the crowd and see what celebrities we can meet.

Here comes that famous Powell model, Nancy Evans and Powell's own private secretary, Patsy Glover.

Not far behind these two are the bobbysoxers' idols, Lewie Parrish and Jimmy Matthews, soon to be seen in *She Will and She Won't*. Among these cheering bobbysoxers we see two young ladies, Shirley Vanhook and Ruby Daniel, who now have a thriving "Dress Shoppe."

Let's get away from the shoving crowd and to another part of "Radio City." Tonight is opera night, so off to the "Met." We step up to buy our tickets from Jeannette Bowden, who also owns the "Coffee Shoppe" across the avenue. She tells us that a good friend, Bobby Jones, runs it for her.

We are taken to our seats by the usher, Bearl Vick. He tells us he hopes to go into the meat-packing business with Clyde Leonard soon.

We are very pleased to be seated next to Mr. and Mrs. Smokey Lancaster, Mrs. Lancaster being the former Miss Jo Taylor of Nashville.

Two rows behind who should we meet but Sally Blackwell and Faye Cooper. Sally is now a famous fashion designer for Paramount and Faye is her business manager. They tell us that Patsy Daniel has made quite a name for herself in Reno. She is a pediatrician.

It seems we are all here for the same reason. Peggy Bone, a concert pianist, is to give a repeat performance. They say the "Met" is her second home.

After a grand performance we will leave the "Met" and return to the studio for a while.

The red light is blinking in Studio B. Gracious! None other than Barbara Bennett and Jane Dickens. They are called "The Rosy Two." Arthur Godfrey should see these girls!

We return to Studio A to find a report that just came in saying Henry Ford's business is dropping fast due to a new car called "Hiccup." It has just been released by the two proud owners, Tommy Breedlove and Ronald Sykes. They say it doesn't run on gas. Well?

We are pleased to announce that coach of the year, Stuart LeCroy and manager Ray Joyner will be back with us after training this year.

We are also glad to announce that Shirley Vandiford, one of our employees here, has just recently become America's new typing champion. Good girl to have around!

We had a very welcome visitor with us tonight. Lee Roy Jones just came in from Georgia where he auctioned off some mighty fine tobacco. We learn from him that Alvin Nelms and Maxie Davis own the warehouses from which he auctioned.

The New York Times featured many interesting things in its society page today. Mrs. Freddie Leonard, formerly Miss Ellene Drake, gave a very festive luncheon in honor of three prospective "debs." They are, as you have probably guessed, Misses Agnes Bell, Barbara Taylor, and Barbara Lancaster. The floral arrangements were fixed by Mrs. Leonard's very good friend, Mrs. James Powell, formerly Miss Eloise Rice of Castalia.

Let's leave "Radio City" for just a while and see what's happening in Nashville, North Carolina.

Here we find Elaine Coggin and Carrie Mae Daniels running a very successful beauty shop. Yep, always knew those girls would come out at the head.

As long as we are this far we will travel on to Wilson where we find Miss Adele Joyner, now Mrs. R. L. Edwards, with her days full caring for her two children.

We hear from Sally Alford, our news reporter at Wilson, that Martha Womble, now Mrs. Farmer, is doing great work for charity at her home in Wilson.

Let's leave Wilson now and return to our home here in "Radio City."

In the literary category, a new magazine has attracted everyones attention. The *Esquirette* is edited by Dorothy Matthews. She always did like to make news and now she has her hands full! The art editor is none other than Betty Medlin using as her fashion model, Joyce Rackley. Joyce was also one of the State's "Who's Who In America" contest this year. We have as our Sports Editor, Miss Sylvia Womble, who at the present is covering the season's basketball games at State where M. F. is making big news.

We have been places and covered ground tonight, ladies and gentlemen. I hope you've enjoyed my visit into your homes. I'll be back tomorrow evening. Until then, so-long from your news reporter gal—Winnie Winchel.

Class History

Probably the most varied group of individuals that has ever come to Nashville School was the class that entered the first grade in 1942. This assemblage consisted of all types from those hardly weaned from their mothers' apron strings to those anxious to show their courage in a new adventure. Under the direction of Lucille Credle we learned to work and play together.

The next few years passed rather uneventfully. Then came that long awaited day when we entered high school. Out of the original sixty-four only twenty-four remained, but thirty-two new students, coming mostly from Castalia, Oak Level and Griffins, joined our group to make us fifty-four strong.

The freshman year with its freshness, fears, and attainment of prospectus was quickly gone and likewise the Sophomore days which we passed as lords of domain. Then came the Junior year.

The first big event of this year was getting those class rings we had waited eleven years for. Remember how proud we were! Next was our play. Under the direction of Mrs. Anne P. Key we gave *Strictly Formal.* It was a big success and we really felt that our efforts were justified. Finally came our biggest event—the Junior-Senior banquet and dance. The class was very thrilled over the new lunchroom which provided adequate accommodations for our banquet. We held our dance in the High School Gymnasium. In decorating, we carried out our theme "Evening In Paris." The scenery which depicted scenes in Paris was sketched by our class artists Sally Blackwell and Ellene Leonard.

Little did we realize when we came back to school in the fall of 1953 that this year would end those wonderful memories of dear "ole" N. H. S. Our Sponsors for this year were Mrs. Margaret Williams and Miss Mildred Smith. For our Senior Play we gave *Mother Is A Freshman.* Most of this year was spent raising funds for our annual which came out in the spring. Out of forty-five Seniors that graduated only twenty-two belonged to the original sixty-four that entered the first grade in 1942.

And thus endeth the history of the class. Judging from the past, the class has every reason to hope for a bright future.

"We were Freshmen green,
And Sophomores bold,
Then Juniors meek,
Now Seniors old.
And in the ensuing
Years you'll see,
Faithful alumni
We will be."

We Proudly Present

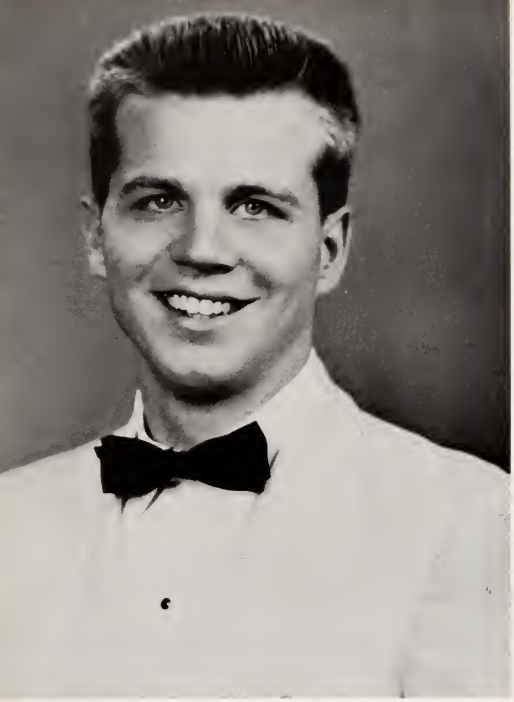
Who's Who of 1954

Never at a loss for words! This could be said of Sally Blackwell. She is very artistic and serves as Art Editor for the NAHISCOAN. A good student in Nashville High, Sally aspires for a career in Interior Decorating. W. C. is her choice of schools for preparation.

Versatility! That describes Peggy Bone. An apt student, an accomplished pianist, and a good secretary. She presides like a judge at Beta Club Meetings and serves as organist at the Baptist Church. Her dependability will be an asset when she enters Meredith College as a music major.

Jolly, fun-loving and likeable describes Faye Cooper. She is kept busy riding over hill and dale in her green Cadillac transacting Senior business. She has proved her dependability by getting ads for the NAHISCOAN and spending endless hours in the annual room. Faye's vivacious personality and love for water fights will not easily be forgotten. As college days draw near, Faye is tingling with excitement, because she knows her future will be well rounded at W. C.

Patsy Daniel may seem reserved to some people, but when you get to know her she's friendly and easy-going. Everybody will remember Patsy for saying "Does anybody have money for the annual today," and as a competent Beta Club officer. Her main interests center around children so she will fit in fine as a primary education major at East Carolina next year.

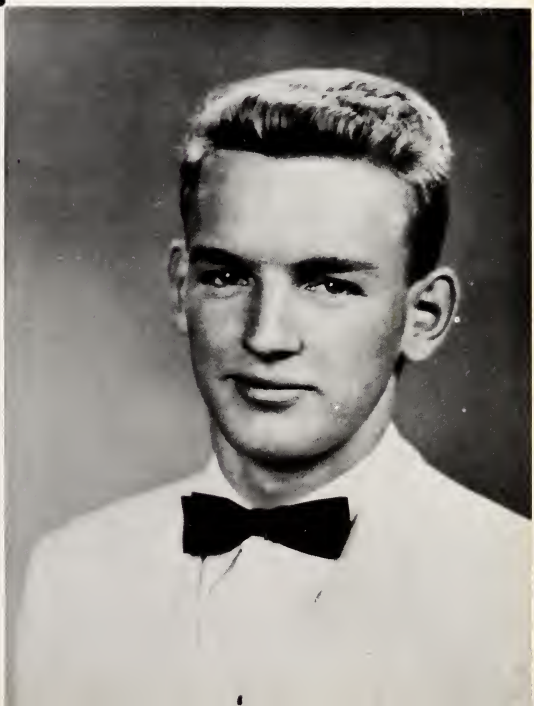


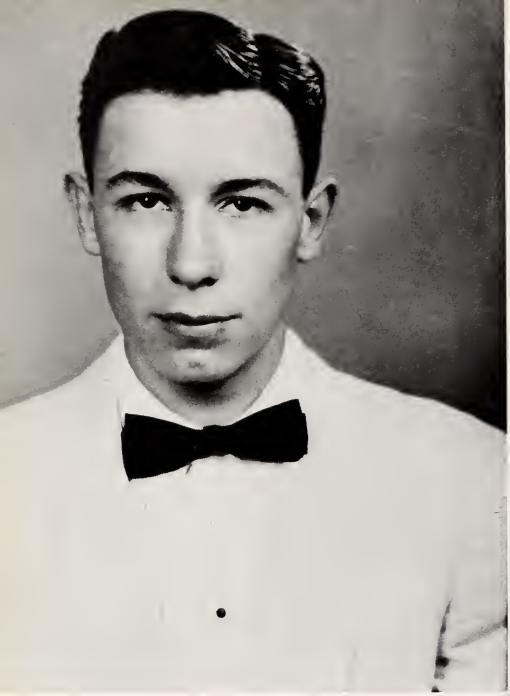
It's Tom Davis to the teachers, but "Head" to the students. Tom is known throughout Nashville High for his sunny disposition and blond crew cut. Serving as Senior Class President, Tom is always on the run, busy as a bee--hither and yon. Whether strutting his stuff as Drum Major with the band or tapping his feet with sister Chee, Tom makes his name at Nashville High School. He plans to join many of his friends at Carolina next year with dramatics as his major.

Patsy Glover is one of the most outstanding citizens of our town. She is very active in every phase of school activity and in her church. Patsy is a very good student and the life of every party, especially when she tells her jokes backwards. She is friendly, easy-going, capable and dependable. Even though she is leaving many friends and devoted admirers, we know she will find both at Duke--her choice of colleges for furthering her education.

Reserved and dignified are characteristics of Barbara Lancaster. She will be missed for her competent work in the Beta Club, Student Council and library. To and from Castalia serving as chief marshal has been one of Barbara's activities. Next year Barbara plans to enter East Carolina College to become a high school history teacher and librarian.

Stuart LeCroy is a good all round fellow, excelling in sports of all kinds. Tar, as everyone calls him, has that certain something that makes the girls swoon. Come rain, come shine he arises each morning at dawn to deliver his papers. A little late for school, perhaps, but he makes up for this by making it appear to Miss Ellis that he is interested in Chemistry whether he is or not. Stuart has chosen State to further his education.





Gene Rackley will undoubtedly make a success of whatever he chooses for his life's work. that is, if he goes into it with the same energy and determination that have characterized him all through his high school career. Gene really understands the meaning of friendship and practices it as gentleman. He plans to further his education at State.

Joyce Rackley is one of those petite brunettes who is quiet and reserved with a pleasant manner that appeals to everyone. Her flair of friendliness is radiated in the classroom, the dining hall and the cheerleader line. Joyce is a loyal Beta Club member who is always making out the Plan for the Week will be missed but not forgotten.
